

DISPLAY CABINET

ELLINOR 911

Ellinor is a furniture collection featuring chairs, armchairs, sofas, and cabinets in a classic design with modern functionality and comfort.

Ellinor 911 is a display cabinet top with lockable glass doors, two adjustable shelves, and built-in lighting. The top can be paired with the storage cabinet, Ellinor 910, and is well suited for use together with the Ellinor and Elin sofa collections.

The cabinet is made from birch. It is offered as standard in clear lacquer, white, or black, and is also available in any custom color on request.

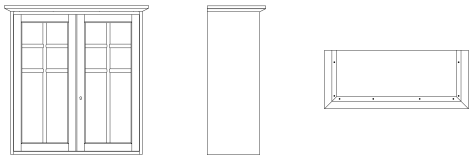
Design: Marie Norell Möller

DIMENSIONS

Height	99 cm
Width	96 cm
Depth	39 cm

Any color available as an option on this product.

VIEWS



ADDED VALUE

- Classic storage cabinet
- Lockable glass doors
- Adjustable shelves
- Tested for public use and meets the requirements for durability & safety, set forth in the following standard, EN 16121

ACCESSORIES

- Frame in clear lacquer, white or black (standard)

GLASS

Cleaned with window cleaner or washing-up liquid diluted in water.

WOOD

Wood is a living material whose grain from the very beginning has a natural variation in pattern, color tone and luster. The wood is affected by, among other things, the season, heat and humidity. That wood is a living material means:

- Screws need to be re-tightened regularly, at least once a year.
- Solid table tops can naturally warp by up to 0.5%.
- Light from the sun and lighting can cause permanent color and light differences in the surface, so allow the entire wooden surface to be exposed to the same amount of light.

Out of concern for the environment, we paint a large part of our range with water-based surface treatments. This means:

- Spills of coffee and other liquids need to be wiped up immediately.
- For cleaning, hand washing detergent or pH-neutral detergents and lukewarm water are recommended. Wipe off with clean water and wipe dry. Do not use cleaning agents that are alkaline, aggressive, contain abrasives or solvents.
- For disinfection, non-alcohol-based agents are recommended, e.g. Virkon or DAX Alco Free. Alcohol-based agents must not be used.
