HOOK

VISIT 036

Visit is a large wooden hook that fits most things that need to be hung. Although primarily designed to match the Kompis visitor chair, Visit is a versatile hook with a wide range of uses. Install it freely and limitlessly or in straight lines to give the wall a new function and a new look.

Tillverkad i björk FSC® 100% och kan fås klarlackad eller betsad i svart eller vitt som standard, valfri kulör som tillägg.

Visit är ritad av Peter Andersson.

ADDED VALUE

- Large wooden hook
- Any color

ACCESSORIES

- Hook in birch
- Krok i valfri kulör

REUSE

Solid wood

WOOD

Wood is a living material whose grain from the very beginning has a natural variation in pattern, color tone and luster. The wood is affected by, among other things, the season, heat and humidity. That wood is a living material means:

- Screws need to be re-tightened regularly, at least once a year.
- Solid table tops can naturally warp by up to 0.5%.
- Light from the sun and lighting can cause permanent color and light differences in the surface, so allow the entire wooden surface to be exposed to the same amount of light.

Out of concern for the environment, we paint a large part of our range with water-based surface treatments. This means:

- Spills of coffee and other liquids need to be wiped up immediately.
- For cleaning, hand washing detergent or pH-neutral detergents and lukewarm water are recommended. Wipe off with clean water and wipe dry. Do not use cleaning agents that are alkaline, aggressive, contain abrasives or solvents.
- For disinfection, non-alcohol-based agents are recommended, e.g. Virkon or DAX Alco Free. Alcohol-based agents must not be used.
