

ARMCHAIR

CIRRUS 611

Cirrus is a fully upholstered sofa series that strikes a clean balance between design, comfort, and functionality. It provides a soft, embracing feel without compromising on practicality, comfort, or durability. The series combines sleekness with plushness, with a design that conveys care and a balance between aesthetics and function. Cirrus is built with a focus on sustainability and circularity, allowing components to be replaced or repaired as needed. Its compact design also makes the sofa easy to place, even in smaller spaces. For optimal hygiene, Cirrus has removable and washable upholstery and is tested for a user weight of up to 160 kg in accordance with Möbelfakta requirements.

Cirrus is designed to meet the demands of healthcare and care environments, while maintaining a homely character that makes it equally suitable for all types of public spaces, from waiting areas to lounge settings.

The armchair is made of FSC®-certified birch or oak and is certified with Möbelfakta. Choose between a wooden or metal frame. The wooden frame is available as standard in clear lacquer, white or black, with custom colours available on request. The metal frame is available as standard in black.

Design: Pierre Sindre
