

TWO-SEATER SOFA

CIRRUS 612

Cirrus is a sofa series with a refined balance between design, comfort, and function.

Fully upholstered, it provides a soft, embracing feel without compromising functionality, comfort, or durability. Its ambition is to unite subtle elegance with generous softness, with a design that conveys care and a thoughtful harmony between aesthetics and function. Cirrus is designed to meet the demands of healthcare and care environments, yet carries a warm, homelike character that makes it equally suited to a wide range of public spaces - from waiting rooms to lounge areas.

For optimal hygiene, Cirrus features removable upholstery and an optional rubber fabric. The series is designed with a focus on sustainability and circular flows, where the furniture's parts can be replaced or repaired as needed. Its neat character also makes Cirrus easy to place even in smaller spaces.

Cirrus tillverkas i FSC®-certifierad björk och ek.

Design: Pierre Sindre
