

CHAIR

BJÖRN 095

Björn series consists of four chairs: two without armrests and two with armrests, with options for either a wooden seat or an upholstered seat. It is a peg-back chair featuring a distinctive detail at the top of the backrest that stabilizes the round rods.

Björn is well suited as a dining chair in healthcare and care environments, as well as in cafés, restaurants, and schools.

The chair is made of FSC®-certified birch and is certified with Möbelfakta. It is offered as standard in clear lacquer, white, or black, and is also available in any custom color on request.

Design: Björn Dahlström

DIMENSIONS

Height	84 cm
Width	46 cm
Depth	56 cm
Seat height	46 cm
Seat depth	39 cm

Any color available as an option on this product.

WOOD

Wood is a living material whose grain from the very beginning has a natural variation in pattern, color tone and luster. The wood is affected by, among other things, the season, heat and humidity. That wood is a living material means:

- Screws need to be re-tightened regularly, at least once a year.
- Solid table tops can naturally warp by up to 0.5%.
- Light from the sun and lighting can cause permanent color and light differences in the surface, so allow the entire wooden surface to be exposed to the same amount of light.

Out of concern for the environment, we paint a large part of our range with water-based surface treatments. This means:

- Spills of coffee and other liquids need to be wiped up immediately.
- For cleaning, hand washing detergent or pH-neutral detergents and lukewarm water are recommended. Wipe off with clean water and wipe dry. Do not use cleaning agents that are alkaline, aggressive, contain abrasives or solvents.
- For disinfection, non-alcohol-based agents are recommended, e.g. Virkon or DAX Alco Free. Alcohol-based agents must not be used.
