

BENCH

PLOCKEPINN 051

The Plockepinn series, with strong character and a graphic form, includes two stools in different heights and a bench.

With its playful yet thoughtful construction, the series fits a wide range of public settings – from staff areas and waiting rooms to entrances and break spaces.

The bench is made of solid FSC®-certified birch and is labeled with Möbelfakta. It is offered as standard in clear lacquer, white, or black, and is also available in any custom colour on request.

Design: Helena Svensson.

DIMENSIONS

Height	48 cm
Width	115 cm
Depth	30 cm
Seat height	48 cm

Any color available as an option on this product.

WOOD

Wood is a living material whose grain from the very beginning has a natural variation in pattern, color tone and luster. The wood is affected by, among other things, the season, heat and humidity. That wood is a living material means:

- Screws need to be re-tightened regularly, at least once a year.
- Solid table tops can naturally warp by up to 0.5%.
- Light from the sun and lighting can cause permanent color and light differences in the surface, so allow the entire wooden surface to be exposed to the same amount of light.

Out of concern for the environment, we paint a large part of our range with water-based surface treatments. This means:

- Spills of coffee and other liquids need to be wiped up immediately.
- For cleaning, hand washing detergent or pH-neutral detergents and lukewarm water are recommended. Wipe off with clean water and wipe dry. Do not use cleaning agents that are alkaline, aggressive, contain abrasives or solvents.
- For disinfection, non-alcohol-based agents are recommended, e.g. Virkon or DAX Alco Free. Alcohol-based agents must not be used.
