WALKING STOOL

RAM 108

Being discontinued

Ram is a walking support stool that unites function, comfort, and form in a well-thought-out design.

It is designed to provide support both while walking and at rest, and works equally well in private homes as in public environments.

The stool is made of solid FSC®-certified birch with metal details. It is offered as standard in clear lacquer, white, or black, with metal components in white. Is also available in any custom colour on request. The armrests can be ordered wrapped in black or brown leather.

Design: Julia Madås & Sophie Hardy

ADDED VALUE

- A piece of furniture to grow old with
- Inclusive
- Activity
- Flexible
- Also suitable for 90 cm high tables
- Tested for public environment for sustainability & safety according to the following standard, EN 16139

ACCESSORIES

- Frame in clear lacquer, white or black (standard)
- Frame in any color (special)
- Leather wrapping on armrest

METAL

- For regular cleaning, use a lightly moistened cloth with a mild detergent without solvents or abrasives.
- For heavily soiled surfaces, a cloth moistened with alcohol can be used.
- Disinfection can be done with alcohol if the surface is dried afterwards.

WOOD

Wood is a living material whose grain from the very beginning has a natural variation in pattern, color tone and luster. The wood is affected by, among other things, the season, heat and humidity. That wood is a living material means:

- Screws need to be re-tightened regularly, at least once a year.
- Solid table tops can naturally warp by up to 0.5%.
- Light from the sun and lighting can cause permanent color and light differences in the surface, so allow the entire wooden surface to be exposed to the same amount of light.

Out of concern for the environment, we paint a large part of our range with water-based surface treatments. This means:

- Spills of coffee and other liquids need to be wiped up immediately.
- For cleaning, hand washing detergent or pH-neutral detergents and lukewarm water are recommended. Wipe off with clean water and wipe dry. Do not use cleaning agents that are alkaline, aggressive, contain abrasives or solvents.
- For disinfection, non-alcohol-based agents are recommended, e.g. Virkon or DAX Alco Free. Alcohol-based agents must not be used.
