### COFFEE TABLE

# **HUMLAN 771**

Humlan is an inclusive and welcoming furniture family featuring sofas, armchairs, chairs, and tables with soft, rounded shapes that soften the rigid lines of a room and create a warm, inviting atmosphere. The table is available in birch, oak, and stained white or black as standard, or in any color of your choice. The tabletop comes in birch veneer, oak veneer, birch laminate, or white laminate. The table is offered in various versions, with or without a lower shelf.

The table height is 59 cm high. What is added for model 771 is the undershelf which has a height of 31 cm above the ground.

The furniture family is made from FSC®-certified birch and oak. Humlan is labelled with Möbelfakta.

Humlan är ritad av Eva Schildt.

### ADDED VALUE

- With or without under shelf
- Soft and inviting design
- Any color
- Tested for public use and meets the requirements for durability & safety, set forth in the following standard, EN 15372

# **ACCESSORIES**

- Frame in birch or oak
- Frame in any color
- Laminate tabletop

## **REUSE**

• Solid wood

# WOOD

Wood is a living material whose grain from the very beginning has a natural variation in pattern, color tone and luster. The wood is affected by, among other things, the season, heat and humidity. That wood is a living material means:

- Screws need to be re-tightened regularly, at least once a year.
- Solid table tops can naturally warp by up to 0.5%.
- Light from the sun and lighting can cause permanent color and light differences in the surface, so allow the entire wooden surface to be exposed to the same amount of light.

Out of concern for the environment, we paint a large part of our range with water-based surface treatments. This means:

- Spills of coffee and other liquids need to be wiped up immediately.
- For cleaning, hand washing detergent or pH-neutral detergents and lukewarm water are recommended. Wipe off with clean water and wipe dry. Do not use cleaning agents that are alkaline, aggressive, contain abrasives or solvents.
- For disinfection, non-alcohol-based agents are recommended, e.g. Virkon or DAX Alco Free. Alcohol-based agents must not be used.
