

COFFEE TABLE

STURE 694

Sture is a furniture collection that include an armchair, rocking chair, footstool, and coffee table. Sture coffee tables are available in both triangular and square designs as well as in different heights, allowing them to be used as coffee tables, side tables, or combined as set table. The asymmetrical shapes create flexible and decorative arrangements suited to a variety of environments.

The coffee table is made of FSC®-certified birch. It is offered as standard in white, or black, and is also available in any custom color on request.

Design: Björn Dahlström

DIMENSIONS

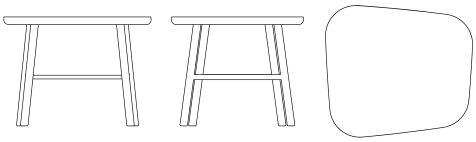

Height	48 cm
Width	63 cm
Length	59 cm

Any color available as an option on this product.

WOOD

Wood is a living material whose grain from the very beginning has a natural variation in pattern, color tone and luster. The wood is affected by, among other things, the season, heat and humidity. That wood is a living material means:

- Screws need to be re-tightened regularly, at least once a year.
- Solid table tops can naturally warp by up to 0.5%.
- Light from the sun and lighting can cause permanent color and light differences in the surface, so allow the entire wooden surface to be exposed to the same amount of light.

Out of concern for the environment, we paint a large part of our range with water-based surface treatments. This means:

- Spills of coffee and other liquids need to be wiped up immediately.
- For cleaning, hand washing detergent or pH-neutral detergents and lukewarm water are recommended. Wipe off with clean water and wipe dry. Do not use cleaning agents that are alkaline, aggressive, contain abrasives or solvents.
- For disinfection, non-alcohol-based agents are recommended, e.g. Virkon or DAX Alco Free. Alcohol-based agents must not be used.
