

FOOTREST

HUMLAN 376

Humlan is an inclusive furniture family with sofas, armchairs, stools and chairs. They come in soft and rounded shapes, which create an inviting environment in public spaces.

The footrest Humlan 376 is made of solid wood with removable upholstery, which facilitates washing.

It is a natural complement to the Humlan high armchair 372 in both design and function.

The entire Humlan furniture family is manufactured in FSC-certified birch and is labeled Möbelfakta.

ADDED VALUE

- Removable upholstery
- Optional RAL color

ACCESSORIES

- Frame in any NCS color
- Rubber fabric/hospital fabric

RECYCLING

- Solid wood
- Removable upholstery

DIMENSIONS

Height	44 cm
Width	50 cm
Depth	35 cm

Any NCS-color available as an option on this product.

FABRIC

- Removable and washable fabrics are washed according to washing instructions. These are sewn with a shrink seam, wash before use for optimal fit.
- Vacuuming with a soft nozzle is often sufficient for cleaning.
- Stains should always be removed as quickly as possible. In most cases, wiping with a damp cloth is sufficient, for more difficult stains, a pH-neutral detergent or a foam detergent for professional use can be used.
- Always use white cloths and avoid wetting a woolen fabric to a greater extent, as this risks remaining stains.
- If necessary, a foam detergent can also be used for a more thorough cleaning if this is allowed in the fabric's specification.

WOOD

Wood is a living material whose grain from the very beginning has a natural variation in pattern, color tone and luster. The wood is affected by, among other things, the season, heat and humidity. That wood is a living material means:

- Screws need to be re-tightened regularly, at least once a year.
- Solid table tops can naturally warp by up to 0.5%.
- Light from the sun and lighting can cause permanent color and light differences in the surface, so allow the entire wooden surface to be exposed to the same amount of light.

Out of concern for the environment, we paint a large part of our range with water-based surface treatments. This means:

- Spills of coffee and other liquids need to be wiped up immediately.
- For cleaning, hand washing detergent or pH-neutral detergents and lukewarm water are recommended. Wipe off with clean water and wipe dry. Do not use cleaning agents that are alkaline, aggressive, contain abrasives or solvents.
- For disinfection, non-alcohol-based agents are recommended, e.g. Virkon or DAX Alco Free. Alcohol-based agents must not be used.
