

ARMCHAIR WITH EXTRA HEIGHT

RIB 571-1

RIB 571-1 is a tall armchair, with firm and comfortable seat cushions. The armchair has a high seat height for increased accessibility. With high raised sides, the RIB is easy to clean from below.

The entire sofa group RIB is manufactured in birch, with removable upholstery on both seat and back cushions.

The RIB family includes an armchair, an armchair with a high back, a two-seater sofa and a three-seater sofa.

RIB är ritad av Kenneth Bergenblad.

DIMENSIONS

Height	103 cm
Width	65 cm
Depth	78 cm
Seat height	47 cm
Seat depth	47 cm
Höjd armledare	68 cm

Any NCS-color available as an option on this product.

RECYCLING

- Solid wood
- Removable upholstery
- Replaceable padding

FABRIC

- Removable and washable fabrics are washed according to washing instructions. These are sewn with a shrink seam, wash before use for optimal fit.
- Vacuuming with a soft nozzle is often sufficient for cleaning.
- Stains should always be removed as quickly as possible. In most cases, wiping with a damp cloth is sufficient, for more difficult stains, a pH-neutral detergent or a foam detergent for professional use can be used.
- Always use white cloths and avoid wetting a woolen fabric to a greater extent, as this risks remaining stains.
- If necessary, a foam detergent can also be used for a more thorough cleaning if this is allowed in the fabric's specification.

WOOD

Wood is a living material whose grain from the very beginning has a natural variation in pattern, color tone and luster. The wood is affected by, among other things, the season, heat and humidity. That wood is a living material means:

- Screws need to be re-tightened regularly, at least once a year.
- Solid table tops can naturally warp by up to 0.5%.
- Light from the sun and lighting can cause permanent color and light differences in the surface, so allow the entire wooden surface to be exposed to the same amount of light.

Out of concern for the environment, we paint a large part of our range with water-based surface treatments. This means:

- Spills of coffee and other liquids need to be wiped up immediately.
- For cleaning, hand washing detergent or pH-neutral detergents and lukewarm water are recommended. Wipe off with clean water and wipe dry. Do not use cleaning agents that are alkaline, aggressive, contain abrasives or solvents.
- For disinfection, non-alcohol-based agents are recommended, e.g. Virkon or DAX Alco Free. Alcohol-based agents must not be used.
