

FOOTREST

JACKIE 538

Jackie is a versatile furniture family with sofas, armchairs and chairs with different functions and sizes as well as tactile materials that create a varied but harmonious and uniform expression. For the Jackie 536 there is an associated footrest.

For best hygiene, Jackie has removable and washable upholstery.

Be a part of furniture family is made of FSC-certified birch and is labeled Möbelfakta.

Jackie är ritad av Peter Andersson.

DIMENSIONS

Height	42 cm
Width	53 cm
Depth	33 cm

Any NCS-color available as an option on this product.

VIEWS

ADDED VALUE

- Offers many tactile materials
- Removable fabric
- Any NCS color

ACCESSORIES

- Frame in any NCS color
- Rubber fabric/hospital fabric

RECYCLING

- Solid wood
- Removable upholstery
- Replaceable padding

FABRIC

- Removable and washable fabrics are washed according to washing instructions. These are sewn with a shrink seam, wash before use for optimal fit.
- Vacuuming with a soft nozzle is often sufficient for cleaning.
- Stains should always be removed as quickly as possible. In most cases, wiping with a damp cloth is sufficient, for more difficult stains, a pH-neutral detergent or a foam detergent for professional use can be used.
- Always use white cloths and avoid wetting a woolen fabric to a greater extent, as this risks remaining stains.
- If necessary, a foam detergent can also be used for a more thorough cleaning if this is allowed in the fabric's specification.

WOOD

Wood is a living material whose grain from the very beginning has a natural variation in pattern, color tone and luster. The wood is affected by, among other things, the season, heat and humidity. That wood is a living material means:

- Screws need to be re-tightened regularly, at least once a year.
- Solid table tops can naturally warp by up to 0.5%.
- Light from the sun and lighting can cause permanent color and light differences in the surface, so allow the entire wooden surface to be exposed to the same amount of light.

Out of concern for the environment, we paint a large part of our range with water-based surface treatments. This means:

- Spills of coffee and other liquids need to be wiped up immediately.
- For cleaning, hand washing detergent or pH-neutral detergents and lukewarm water are recommended. Wipe off with clean water and wipe dry. Do not use cleaning agents that are alkaline, aggressive, contain abrasives or solvents.
- For disinfection, non-alcohol-based agents are recommended, e.g. Virkon or DAX Alco Free. Alcohol-based agents must not be used.
