

STOOL

SPUTNIK 101

Sputnik is a family of furniture with solid birch stools. The design is inspired by a stylized space rocket. Sputnik 101 bar stool can be ordered with either a wooden seat or a fixed upholstered seat. The bar stools have metal footrests for durability and longevity. The pallets in the Sputnik family are labeled with FSC Mix. As standard, they are available in clear lacquered birch or black or white stain.

Sputnik är ritad av Björn Dahlström.

DIMENSIONS

Height	63 cm
Seat height	63 cm
Diameter	36 cm

Any color available as an option on this product.

CERTIFICATIONS

ADDED VALUE

- Design inspired by space rocket
- Bar stool with seat height 63cm
- Footrests in metal
- Any color
- Tested for public use and meets the requirements for durability & safety, set forth in the following standard, EN 16139

ACCESSORIES

- Frame in birch
- Frame in any color
- Available in wooden and fixed upholstered seat

REUSE

- Solid wood

METAL

- For regular cleaning, use a lightly moistened cloth with a mild detergent without solvents or abrasives.
- For heavily soiled surfaces, a cloth moistened with alcohol can be used.
- Disinfection can be done with alcohol if the surface is dried afterwards.

WOOD

Wood is a living material whose grain from the very beginning has a natural variation in pattern, color tone and luster. The wood is affected by, among other things, the season, heat and humidity. That wood is a living material means:

- Screws need to be re-tightened regularly, at least once a year.
- Solid table tops can naturally warp by up to 0.5%.
- Light from the sun and lighting can cause permanent color and light differences in the surface, so allow the entire wooden surface to be exposed to the same amount of light.

Out of concern for the environment, we paint a large part of our range with water-based surface treatments. This means:

- Spills of coffee and other liquids need to be wiped up immediately.
- For cleaning, hand washing detergent or pH-neutral detergents and lukewarm water are recommended. Wipe off with clean water and wipe dry. Do not use cleaning agents that are alkaline, aggressive, contain abrasives or solvents.
- For disinfection, non-alcohol-based agents are recommended, e.g. Virkon or DAX Alco Free. Alcohol-based agents must not be used.
