

ARMCHAIR

CURT 088

Curt is a series of peg chairs in birch, which is Björn's big brother series. Curt comes in wider and rounder shapes and suits, for example, lounges and dining rooms.

Stolen Curt 088 finns med träsisits eller med fast, klädd sits. Den kan beställas i klarlackad björk eller betsad i svart eller vitt som standard. Curt är ritad av Björn Dahlström.

DIMENSIONS

Height	81 cm
Width	57 cm
Depth	60 cm
Seat height	47 cm
Seat depth	41 cm
Höjd armledare	70 cm

Any NCS-color available as an option on this product.

CERTIFICATIONS

VIEWS

ADDED VALUE

- Available as a armchair and rocking chair
- Fair total depth gives the opportunity to place a rocking chair in a public environment
- Spacious and comfortable, works well as a dining chair as well as a solitary
- Related to the chair Björn and the armchair Sture

ACCESSORIES

- Can be stained in any color
- Available as a wooden seat or a fixed upholstered seat
- Shaped sheepskin

RECYCLING

- Solid wood

FABRIC

- Removable and washable fabrics are washed according to washing instructions. These are sewn with a shrink seam, wash before use for optimal fit.
- Vacuuming with a soft nozzle is often sufficient for cleaning.
- Stains should always be removed as quickly as possible. In most cases, wiping with a damp cloth is sufficient, for more difficult stains, a pH-neutral detergent or a foam detergent for professional use can be used.
- Always use white cloths and avoid wetting a woolen fabric to a greater extent, as this risks remaining stains.
- If necessary, a foam detergent can also be used for a more thorough cleaning if this is allowed in the fabric's specification.

WOOD

Wood is a living material whose grain from the very beginning has a natural variation in pattern, color tone and luster. The wood is affected by, among other things, the season, heat and humidity. That wood is a living material means:

- Screws need to be re-tightened regularly, at least once a year.
- Solid table tops can naturally warp by up to 0.5%.
- Light from the sun and lighting can cause permanent color and light differences in the surface, so allow the entire wooden surface to be exposed to the same amount of light.

Out of concern for the environment, we paint a large part of our range with water-based surface treatments. This means:

- Spills of coffee and other liquids need to be wiped up immediately.
- For cleaning, hand washing detergent or pH-neutral detergents and lukewarm water are recommended. Wipe off with clean water and wipe dry. Do not use cleaning agents that are alkaline, aggressive, contain abrasives or solvents.
- For disinfection, non-alcohol-based agents are recommended, e.g. Virkon or DAX Alco Free. Alcohol-based agents must not be used.
